A GRAND ARMY PROTEST

Veterans Want Precedence Over the National Guard.

A Troublesome Detail of the Parade to Be Settled by General Greene-Volunteer Cavalry From Porto Rico to March-Members of the Reception Committee Announced.

A request that the Grand Army of the Republic be given precedence over the National Guard in the position to be as signed in the inaugural parade, was pre sented yesterday to Chairman Edson, of the Innugural Committee, George H. Slaybaugh, Fast Commander of the Department of the Potomae; Israel Stone. elected commander of the department last Saturday night, and Major Leander P. Williams, Senior Vice Commander, called opon Mr. Edson yesterday afternoon, and laid the matter before him.

The representatives of the Grand Army of the Republic take the position that they are entitled to first consideration because of the fact that they have seen actual warfare, have actively defended the national flag and honor in battle, and have demonstrated their patriotism beyand question. Volunteer troops they consider untried, and question their right to be considered as soldiers.

The Chairman of the Inaugural Committee discussed the subject with his visitors, and explained that a final decision rested with the Grand Marshal, Gen. Francis Vinton Greene, who is at present in New York. He promised to bring the matter to his attention, and expressed the hope that their wishes would be met. Mr. Edson is himself a prominent member of the Grand Army of the Republic.

A battalion of Perto Rico Volunteer Cavalry will take part in the inaugural parade.
Major General Brooke, commanding the
Department of the East, has received or-Department of the East, has received or-ders from the War Department to have these troops sent from San Juan on army transports. The transports will be landed at Newport News, and the battailon will proceed to Washington on the Potomac steamers. While some of the officers of the Porto Rican Volunteers are Americans, the rank and file are all natives of the island. The battailon coming to Washing-ton will be unmounted, and Major Ecen Smith, captain of the Pifth Cavalry I. S. Smith captain of the Fifth Cavalry, U. S. A., will be in command. After the inaugural ceremonies are over, the contingent will return to Porto Rico via New York, leaving there on army transports.

Orders have also been issued by the War Department for the transportation of the cadets from West Point Military Academy.

About 400 cadets will march in the parade. An interesting fact has been learned in connection with the proposed participation of the cadets from Annapolis in the pa-There is no fund available from which the necessary expenses of transpor-tation, quartering, and subsistence, can be met. It is too late to expect that Congress would act upon an application to provide funds for the purpose. At West Point a fund is available for the purpose out of the unexpended appropriation, and will be drawn upon to bring the military cadets to the National Capital for the celebration of March 4. Gen. Francis Vin-ton Greene, Grand Marshal of the inaugural parade, has been extremely desirous that both academies be repre-sented at the inauguration. When all other means failed, General Greene de-termined to fatterest his own personal friends, and call upon their patriotism to furnish the necessary funds. With a liberal contribution from his own purse. he has accumulated a sum from acquaint ances in New York and elsewhere to de fray the necessary expenses. General Greene has not given this action publicity

and his ahare in the affair has leaked out without his knowledge.

Fitty Indian girls will accompany the cadets from the Carlisle Indian School, who will participate in the inaugural parade. Major Pratt, in charge of the school notified the Inaugural Committee. school, notified the Inaugural Committee

school, notified the mangurar construction of the Citizens' Mounted Brigade, has appointed John Villard Heldt his chief of steff. At least 1,600 men, it is estimated, will be in the column of march as the District of Coumbia representation in the inaugural Probably the largest organization which will be in this confingent is the Maryland Active Republican Club, of the District of Columbia.

The secretary of the Committee on Civic

Organizations, Captain Lewis, received yesterday the notification that the Harri-son Club, of Philadelphin, would be accompanied by a doctors' emergency corps. which will act as escort. The corps will be mounted, and numbers seventeen doc-tors. Dr. J. V. Allen, of Philadelphia, will

The Committee on Civic Organizations has also been officially advised that sixty men from the United Republican Club of Philadelphis, will parade The delegation will be in command of G. E. Pisher, mar-The uniforms will consist of light over-

DECAPITATED BY ICE KNIVES.

The Herrible Death of a White

Plains, N. Y., Engineer,

WHITE PLAINS, N. Y., Feb. 14 .- Henry

ing and storing loe at the time. There is

onveys the ice up the run to the houses.

A new device was put on the cun today. It is called a knife, and has teeth six inches long similar to those on a mow-ing machine. The new appliance cuts the los to a required size. Enderle stepped on

the run to remove a nail in the frame-work, which he had noticed affected the smooth operation of the elevator. Some one at the top of the run pushed the but-

on and some one else started the engine

In the next instant the kuife decapitated Enderle and his head fell on the ice below. His body was drawn into the machinery

and was literally cut and torn to pieces. None of the men would admit having started the machinery. Enderle was popular

among his fellow-employes.

The run has a capacity of fifty cakes mirute, and is operated by steam Elec-ric buttons are used in signsling the tarting and stopping of the elevator which

BAD BLOOD, BAD COMPLEXION.

Jess variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin, To have a smooth, soft skin, free from

all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples,

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

when such remedies are relied on.

Mr. H. T. Shobe, ryat Lucas Avenue, St. Louis,
Mo., says: "My daughter was afflicted for years
with a distiguring cruption on her face, which
resisted all treatment. She was taken to two
celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by
the time the first bottle was finished the eruption
began to disappear. A dozen bottles cured her
completely and left her skin perfectly smooth.
She is now seventient years old, and not a sign of
the embarrassing disease has ever returned."

S. S. S. is a nositive, variating care for

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Bad blood makes bad complexions.

purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.
